

CASE STUDY

Email built into the store, not bolted on.

A block-based email platform inside a Next.js commerce site, shipped in small, test-first pull requests.

M O M O

CHRISTMAS GIFT GUIDE

Gifts that **sound** as good as they
look

REAL CATALOG DATA

Live products and prices in every email.

Product picks read straight from the store catalog, so nothing is copied by hand and nothing goes stale.

THE NEWSLETTER

This month in the lab

New tunings, behind-the-scenes stories and what our engineers are listening to.

SEASONAL STARTERS

Black Friday starts from a design, not a blank page.

Black Friday, Bank Holiday and Christmas campaigns open as polished starters ready to edit.

M O M O

BLACK FRIDAY

Our biggest offer, **15% off**

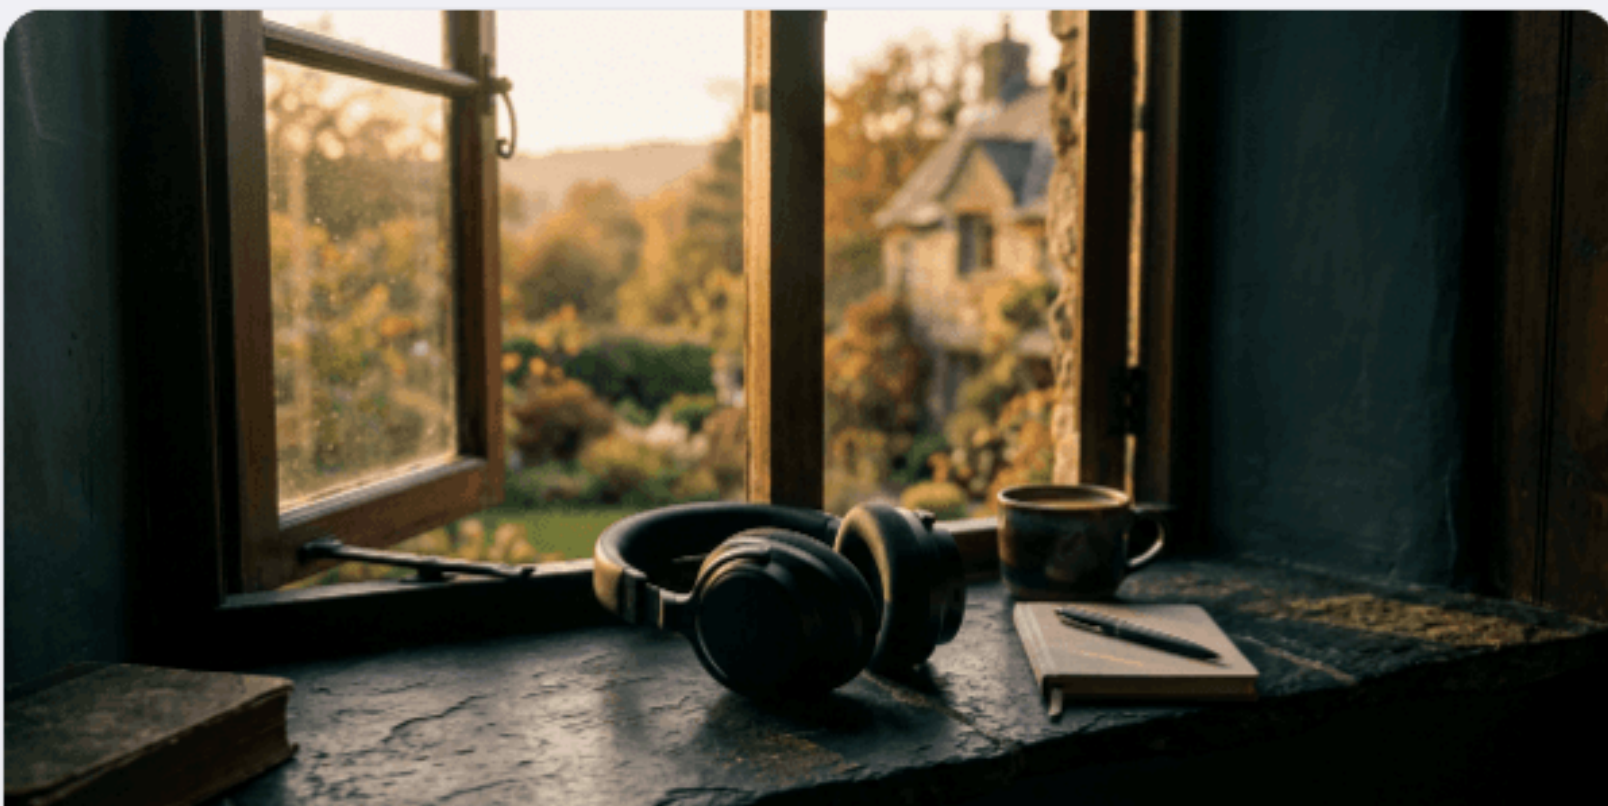

Once a year, reference-grade sound for less. Stock is limited.

BRAND CONTROL

Brand blocks that can't drift.

Headers and footers are saved, reused and locked. Only people the owner grants can unlock them, and every change is audited.

M O M O

BANK HOLIDAY WEEKEND

Make the long weekend **sound
better**

VERSION HISTORY

Every save is reversible.

The last 50 versions are kept, the original is always kept, and Reset to original makes mistakes cheap.

ORDER CONFIRMED

Thank you, Ada Lovelace

Order MOMO-1024 is confirmed and now being prepared with care.

DEFENCE IN DEPTH

Permissions enforced in three layers.

One misconfigured layer is not a breach, because the other two still say no.

Proxy: blocks the request at the edge

Server: every action re-checks the role

UI: controls only render for allowed users

READ THE FULL STORY

Build vs buy, with the receipts.

Architecture, test growth, security posture and the business case are all in the public case study.
